Community CYPS - Referral Form

Referral Criteria
We expect access to our service to be simple and easy. Our criteria for acceptance are:

• The child or young person must be within our age range 0-18 years
• They must either be presenting with some degree of psychological distress or mental health difficulty. This includes children and young people in special circumstances (see page 2 of the referral leaflet) whereby advice, consultation and/or support is being sought
• They must have been seen by the referrer who will undertake an assessment of need prior to referral. This will help us to prioritise cases where necessary
• They must have given informed consent to the referral being made

The service operates from a basis of “no bounce”. If a child or young person is not suitable for our service we will contact you to explain why and at the same time provide advice, help or support to access a service more appropriate to meet their needs. There is an expectation that a first level intervention must have been attempted prior to referral and information on the outcome of this is included in the referral.

Anyone wishing to have a discussion about a case prior to referral can contact our helpline for advice, information or support.
